Dear Shazhad

I would like to thank you for the fantastic work that you have carried out on refurbishing our classrooms.

The new cupboards have transformed the classrooms and have provided the staff and children with an appealing learning environment.

The most recent work, which was completed while children were on site caused very little disruption to the teaching and learning.

We have been very impressed with quality of the units and workmanship, which were at a competitive rate.

I would have no hesitation in recommending you to other establishments for similar work.

Yours sincerely

Mrs J Davies
Head Teacher
