Head Teacher: Miss M. Magrs BA(Hons) PGCE

11th October 2010

To whom it may concern:

I am writing in support of Mr Mohammed Shazad and Oak Tree Kitchens Ltd. Oak Tree Kitchens have refurbished the Food Technology Room at Selly Park Technology College for Girls during the summer vacation of 2010. Mr Mohammed Shazad was able to work to a very demanding specification and was able to provide us with several design opportunities which were refined to a final solution. He was able to guide and advise us through the many technical aspects of refurbishment with patience and commitment to the project.

The installation team made an excellent job and totally transformed the space into a modern Food Technology Room fit for the 21st century. At the snagging stage each of our concerns were made note of and dealt with in a professional and timely manner.

It is without reservation that we could recommend the services of Mr Mohammed Shazad and Oak Tree Kitchens Ltd.

Mrs J Zuckerman
Strategic Business Manager

Mr J P Richardson
Assistant Head Teacher (line manager
for Technology)
